

SERIOUS LOSS TO BRITISH.

When the Boers Cut Off Roberts' Communication at Rooval They Captured Over 500 Men.

WORSE REPORT MAY YET COME.

What Has Happened to Lord Roberts' Troops North of Rooval Is Still a Matter of Grave Conjecture—In Addition to Prisoners, British Suffered Severe Loss in Killed and Wounded.

London, June 12.—Lieut. Gen. Sir Frederick Forester-Walker, in command of the lines of communication in South Africa, reports that in the disaster to the British troops June 7, at Rooval, where the Boers cut off Lord Roberts' line of communication, the Fourth battalion of the Derbyshire regiment were all killed, wounded or made prisoners, except six enlisted men. Two officers and 15 men were killed and five officers and 72 men were wounded, many of them severely. The Boers returned the wounded to the British.

It is inferred that the Boers captured over 500 men and as late as June 10 held positions cutting off the British forces north of Kroonstad from reinforcements. A dispatch from Gen. Forester-Walker says Gen. Methuen was fighting within ten miles of Heilbron June 6.

The news that the shutting off of Lord Roberts' communication with the outer world was accompanied, by such a serious loss came like a bolt from a comparatively clear sky. In London, until the news came, it was thought that the destruction of the railroad was accomplished by Free Staters who were avoiding rather than annihilating the British detachments stationed at the point attacked. Nor are Gen. Forester-Walker's vague statements regarding Methuen and the situation at Heilbron looked upon as reassuring. The Boers appear to be in sufficient strength to completely separate all the British forces north and south of a line stretching some 50 miles between Rooval and Heilbron. Methuen's march upon the latter place seems somewhat in the nature of a movement for the relief of Colville. The only British officer left at Rooval appears to be the doctor in charge of the hospital, which is full of wounded. What has happened to the troops immediately north of Rooval is still a matter of conjecture. All in all, the dispatches reveal that the situation is far more serious than anyone imagined.

SENSATIONAL REPORT.

It Is Said That the Boer Envoy Will Ask President McKinley to Annex the South African Republic.

Omaha, Neb., June 12.—Peace Envoy Wessels, in a confidential talk with one of the best known men of Omaha, said the Boers would make a proposal to the United States looking to annexation of the Dutch republics. The matter has been under serious consideration for weeks. It has been urged upon them that by so doing, although they would give up their present independence, they would become part of the greatest and freest republic on earth, and would be sure to retain for themselves the greatest measure of civil liberty. Annexation of foreign countries has several precedents, notably that of Texas and that of Hawaii. In the case of Texas the proposition was once made and rejected and later accepted. In the case of Hawaii, after the treaty of annexation had been delayed the end was accomplished by legislative enactment, which requires merely a majority of both houses of congress. The attitude of President McKinley is still to be sounded, nor has the proposition been submitted formally to Secretary Hay, but there is no doubt it will be submitted this week. The fact that congress is no longer in session would leave the decision entirely with the president and his cabinet.

NOT TRUE, SAYS JONES.

Democratic Chairman Says He Will Not Endeavor to Dissuade Bryan from the 16 to 1 Issue.

Chicago, June 12.—Senator James K. Jones, chairman of the national democratic committee, arrived in Chicago Monday and will be here several days looking over the preliminary work of the coming presidential campaign. Wednesday William J. Bryan will meet Senator Jones here for a final conference before the Kansas City convention. Mr. Jones said: "There is absolutely no truth in the report that I will endeavor to persuade Mr. Bryan to consent to the dropping of the 16 to 1 plank from the platform this year. There will be no abandonment of any issue of the Chicago platform."

Locks Good for Burton.

Topeka, Kan., June 12.—To date an even 40 republican members of the legislature have been nominated—16 senators and 24 representatives. The friends of J. R. Burton, candidate for United States senator, claim 31 of these, giving Senator Baker but nine.

WHEAT PRICES HIGHER.

July Delivery Sold at 74 Cents Monday in Chicago, the Highest Since October, When Boer War Began.

Chicago, June 12.—The price of wheat Monday was the highest since October when the Boer war began. The wheat pit on the floor of the board of trade was crowded with a mob of excited traders. Wheat for delivery to the purchaser in July sold at 74 cents, three cents higher than at the close of trading Saturday. On May 15, July wheat at the close of business sold at 66¢. In the advance since that date there have been two factors of the greatest importance. The one first attracting attention was the injury to wheat in Ohio, Indiana, Michigan and in parts of Illinois. In these states hessian fly ravages made the crop situation the worst in years. This distressing condition was far along when the lack of rain in the northwest began to attract attention, but it was not till Thursday that the seriousness of the situation was fully realized.

BUENCAMINO'S STORY.

Aguinaldo's Former Secretary of State Says Bryan and Hoar Wrote Letters to the Filipino Rebels.

Manila, June 12.—(correspondence).—The great store of insurgent documents discovered by Gen. Funston throw interesting light upon the Filipino government. A dispatch from Gen. Forester-Walker says Gen. Methuen was fighting within ten miles of Heilbron June 6.

THE CHURCH IS BARRED.

Spain's Old-Time Auxiliary in Governing the Philippines Has No Standing with New United States Commission.

Manila, June 12.—Judge William H. Taft and his colleagues of the Philippine civil commission were beset during their first week in Manila by a multitude of callers of all nationalities, professions and interests, who presented a bewildering assortment of recommendations touching military and civil policies. The commissioners admit that, while they anticipated an enormous task, the complexity and difficulty of the problems and conditions are well nigh staggering. One of the foremost questions is how and from what material to organize a civil force with which gradually to supersede the army as a governing machine. Spain's auxiliary, the church, is barred from consideration. American experience with the natives discourages the hope of honest government through them until a generation or more have eradicated the results of Spain's tutelage.

NEW POINT OF LAW.

Kansas City Court of Appeals Decides an Insurance Case Against the Woodmen of the World.

Kansas City, Mo., June 12.—The Kansas City court of appeals decided a case of particular interest Monday as to life insurance policies. Mrs. Inez Huff sued Sovereign camp, Woodmen of the World, for a policy of \$2,000 held by her husband, who committed suicide. She was given judgment for the full amount in the Vernon county circuit court. The order appealed, but the court of appeals affirmed the finding of the lower court. In its opinion the appellate court says that the camp has no right to refuse payment on the plea of suicide, as it is a Nebraska corporation. Had it been a Missouri order, then it would have had the privilege of putting up a defense of suicide, but so long as Mrs. Huff resided in Missouri and Sovereign camp was incorporated in Nebraska that right was denied.

TO BENEFIT COMMERCE.

United States Officers Will Mark Out Ocean Paths Between New Islands in the Pacific.

Washington, June 12.—Important work for the benefit of commerce in the Pacific is to be performed by the navy now that congress has authorized the appropriation of \$100,000 for ocean and lake surveys. Rear Admiral Bradford, chief of the bureau of equipment, has approved an elaborate charting of the triangle formed by the Hawaiian islands, the southernmost point of the Philippines, and the islands of Japan. It is also proposed to establish a path between Honolulu and the Philippines to be followed by American warships, so that if any become disabled others following may pick them up. It is believed that merchant vessels will be prompt to adopt the route.

Zionists Vote a 50-Cent Tax.

New York, June 12.—The forenoon session of the convention of the American Federation of Zionists was devoted to a discussion of the article of the constitution which imposes a tax of 50 cents on each member, half of which is paid to the Vienna executive committee and half applied to local propaganda work. The majority of the delegations favor the whole tax.

Thinks It Will Be Bile.

Philadelphia, June 12.—Richard C. Kerens, republican national committeeman from Missouri, thinks Cornelius N. Bliss, of New York, will be the nominee for vice president.

FILIPINO WAR FIGURES.

Our Soldiers Discover an Interesting "Balance Sheet" for Last Year Made by Minister of Finance.

EXPENSES WERE OVER SIX MILLIONS.

Of the Sum Collected, Over Four Millions Were in "Extraordinary Contributions," or Forced Payments—Good Times Promised Natives "When the Americans Are Driven from the Island"—Soldiers' Pay.

Manila, June 12.—The Filipinos are addicted to the preservation of their records, no matter how unimportant. Down in Albay province our troops recently found the yearly financial statement of the rebel government. It is interesting as an example of how the rebels do business and maintain their prestige among their people. In the balance sheet for 1899-1900, the insurgent minister of finance states that during the year 1899-1900, the expenses of the Spanish government in administering affairs amounted to \$17,474,020, Mexican, but thanks to the capacity of the revolutionary leaders, the total expenditures of the insurgent government for last year only amounted to \$6,342,407. All this economy was effected while the Manila custom house, a most lucrative source of income, was in the hands of the Americans. It was promised that as soon as the rebels gained possession of Manila, which would be in a few weeks, they could manifestly reduce the rate of taxation. In the meantime money was needed and it was incumbent on all good patriots to pay all the tax collectors asked of them. With a few words describing Aguinaldo's glory and invulnerability and the good time coming to everybody when the Americans are finally driven from the islands, the minister of finance accounts for his income as follows:

Income (all in Mexican currency): Ordinary indirect taxes, \$432,050; ordinary direct taxes, \$1,016,757; special taxes, \$843,600; extraordinary contributions, \$4,050,000. Total, \$6,342,407. The item of "extraordinary contributions" probably covers the multitude of forced payments not included in the other sources of income. The insurgents undoubtedly handled considerable money last year, but whether they collected \$6,000,000 Mexican money is not known to outsiders. Their expenses have been especially heavy in the matter of arms. Filibusters and others have made them pay exorbitant prices for everything. Two of their generals, Pana and Lubanare, are said to have large accounts in the Hong Kong banks. According to this annual report the yearly pay of a lieutenant general is \$720, a general commanding a division gets \$600, a brigadier general gets \$540, a colonel \$480, a lieutenant colonel \$420, a major is allowed \$360, a captain draws \$300, a first lieutenant \$280 and a second lieutenant \$180. The wages of a sergeant are \$72 a year, a corporal gets \$60 and the man with the gun is allowed \$42 for 12 months service to his country. This balance sheet further makes provision for 22,000 soldiers, 8,000 of whom are sergeants and 1,800 corporals, and the cost of keeping them in provisions for one year is put down at \$814,800, Mexican currency.

Result of One Week's Work.

Manila, June 12.—As a result of last week's scouting more than 200 Filipinos were killed and 160 captured, while 140 rifles with ammunition and stores were seized. The American loss was 9 killed, including a captain and lieutenant; 2 captains and 21 privates wounded and 1 captain taken prisoner by the Filipinos.

WILL GO INTO POLITICS.

Union Labor in Chicago Starts an Educational Campaign—Ward Clubs Will Be a Leading Feature.

Chicago, June 12.—Union labor has taken a new tack, and started what is to be known as the Union Labor League of Chicago. The promoters of the movement declare that it is strictly an educational one, in which politics will not be allowed to cut any figure and questions of religion will be barred. At the same time, it is acknowledged that the main object of the movement is to cultivate closer relations between the members of labor organizations and to assist others as far as possible. Behind the movement is a scheme for the organization of ward clubs all over the city, the preliminaries of which were settled at a meeting last evening at the building trades council headquarters. It is believed by those acquainted with the growth of the idea that the future of the organization will have an important bearing on politics, notwithstanding the protestations of the promoters that politics will be barred.

Captured a Kansas Fiend.

Salina, Kan., June 12.—William McDonough, who cut the throat of Benny Bowles, a five-year-old child, three miles northwest of here in Lincoln county, Friday night, was captured in a wheat field late yesterday. The entire community hunted for him. He had been without food two days.

The annual meeting of the Missouri Pharmaceutical association convened at Pertle Springs, near Warrensburg, Monday.

BLOODY DAY IN ST. LOUIS.

Four Men Killed and Many Wounded as a Result of Street Car Riots, the Victims Being Strikers.

St. Louis, June 12.—Sunday was one of the most eventful and bloody days since the great strike on the St. Louis Transit began more than one month ago. There were numerous encounters between strikers and other riotous individuals and the constituted authorities, resulting in four deaths and the wounding of five or more persons, mostly strikers. Members of the sheriff's posse used their guns with deadly effect.

With one exception all the street car lines are in operation. Each car carried the usual guard of police officers, on some lines running through unruly districts the number being doubled. Squads and companies of the sheriff's posse men are on duty at all the power houses and car sheds of the Transit company, and at the barracks on Washington avenue, in front of which Sunday's terrible encounter took place. Chief of Police Campbell, who Saturday expressed an opinion that the state troops should be called out, now says: "I don't think I would recommend that the state troops be called upon just yet. The developments of yesterday, I think, show that we are able to handle the situation. There were a great many persons shot and several killed. I deeply deplore the necessity for such action, but it only shows that our force is equal to almost any occasion. A meeting of the police board will be held at the four courts to-day to consider the advisability of calling on the governor for the militia, but I shall not recommend it until matters grow worse."

It is just one month and three days since the strike began. Since the first day there have been numerous encounters between the strikers and their sympathizers on one side and the authorities on the other. These encounters have resulted in ten fatalities and the wounding of at least 50 persons.

NO CHANCE FOR DEWEY.

John R. McLean, His Brother-in-Law, Will Not Even Attend the Kansas City Convention as a Delegate.

Columbus, O., June 12.—The democratic state convention meets here Tuesday and Wednesday to elect delegates-at-large to the Kansas City convention. The indications that the big four to the national convention will have new timber. John R. McLean, proprietor of the Cincinnati Enquirer, headed the democratic ticket for governor last year, and would be selected as the head of the Ohio delegation to Kansas City this year, but he announces that other engagements prevent him from attending the Kansas City convention. Mr. McLean sails with his family for Europe next Saturday to be out of the country for an indefinite period. There will be no effort to advance the Dewey candidacy for the presidency, as some had expected would be the case here this week. It is conceded that the convention will unanimously endorse Bryan for president.

METHODISTS IN DANGER.

Missionary Superintendents at Pekin Report Massacre of Christians and Urge Prompt Action by Administration.

New York, June 12.—The following cable from Pekin was received Monday at the Methodist Episcopal board: "Pekin, June 9.—Massacre native Christians. Situation foreigners critical. Press Washington." This came direct from the missionary society at Pekin, of which Messrs. Davis and Gamewell are in charge. A copy of the message was immediately sent to President McKinley. In repeating the cable message to the president Rev. A. B. Leonard, the missionary secretary, added the following: "This means our people are in great peril and greatly need such protection as our government can afford."

EXCESSES IN PRUSSIA.

Soldiers Called Out to Suppress Anti-Semitic Disturbances—Schoolboy Murdered and Synagogue Destroyed.

Crauden, West Prussia, June 12.—A battalion of infantry has been sent to Konitz, about 50 miles northwest of this place, where, owing to the mysterious murder of a schoolboy, there have been for several weeks past anti-Semitic disturbances, which culminated in serious excesses and the destruction of a synagogue.

Uncle Sam's Greatest Fleet.

Newport News, Va., June 12.—The battleships Indiana and Massachusetts, accompanied by the new Kentucky, will Tuesday sail for Newport, R. I., there to join the New York, Kearsarge and Texas, forming the most powerful squadron of armor-clads ever gathered together under the American flag. Admiral Farquhar will be in command.

Gen. Otis in Washington.

Washington, June 12.—Gen. Otis arrived in Washington at 7:44 o'clock Monday. He went at once to a hotel, and reported at the war department later in the day.

Gov. Stephens said it would cost the state of Missouri \$100,000 to call out the militia to suppress the St. Louis riots.

The exports at the port of Manila for the first three months of 1900 show an increase of \$2,050,443 over the same period last year.

RUSSIA TO TAKE THE LEAD.

Powers Have Reached an Agreement Regarding the Chinese Situation and Troops Are Ready.

TO FORCE OPENING OF RAILROAD.

An Army of 1,500 Men Is Guarding Workmen Between Tien Tsin and Pekin and a Crisis Is Expected When Troops Start Forward in an Armored Train—Russia Has 6,000 Men Prepared to Move.

London, June 12.—Extreme measures have been inaugurated by the foreign commanders in China for the purpose of suppressing the "boxers." The naval commanders of the Christian countries now at Taku, proceeding in concert, have taken steps to reopen the railway from Tien Tsin to Pekin by force of arms. Workmen are already repairing the road and a composite force of 1,500 men, drafted from the foreign squadrons in Chinese waters, are guarding the line. Ordnance and armored trains are in readiness with which this body will push on to Pekin when the road is repaired. Capt. McCalla and 100 American marines are in the body. It is expected that the crisis will come when the line is in readiness for use and the troops start forward in the armored train.

Russia is apparently preparing to deal with the crisis, judging from a dispatch from St. Petersburg, which follows: "As a result of an understanding between the Russian government and the other powers, a dispatch has been sent to Port Arthur ordering that 6,000 men of the Russian garrison there shall be held in immediate readiness to leave for Tien Tsin whenever the Russian minister at Pekin asks for their assistance, or circumstances require their intervention."

Mission at Tien-Chow Burned.

Berlin, June 12.—The German foreign office has received a dispatch from Pekin, dated Sunday afternoon, saying the American mission house at Tien-Chow, the river port of Pekin, had been burned by natives. The officials of the foreign office suppose this happened Saturday or Sunday morning.

Anglo-Americans Carried Their Point.

Tien Tsin, June 12.—It is learned that but for the firmness of the United States consul and Capt. McCalla (of the Newark, in charge of the American landing party) and the British consul there would have been further delay in dispatching the international guards to Pekin, and the majority of the forces would not have been British. The representatives of two European powers questioned the necessity and afterwards disparaged the idea that the British force should preponderate. The Anglo-Americans, however, insisted and carried their point. The Americans generally deplore the smallness of the United States forces here. At the same time they are ready to defer to whatever may be considered best at Washington.

More Marines for Kempf.

Washington, June 12.—In response to an urgent cable message from Admiral Kempf at Taku the navy department cabled Admiral Remy at Manila to at once dispatch the Solace with 100 marines to Taku.

BAD AS INDIANS.

Girls at Wellesley College Mixed Up in a Sensational Hazing Affair—Kansas City Girl the Heroine.

Boston, June 12.—Wellesley college is in the wildest excitement over the most startling hazing ever known in a woman's college in America. A Kansas City girl was the heroine of the affair—Miss Bertha L. Doane, one of the most prominent girls in college and a well-known athlete. She kidnapped Miss Frances Hughes, president of the sophomore class, and held her prisoner under lock and key for two whole days, while a score of other sophomores were defeated in a pitched battle in the woods in the dark and bound hand and foot, gagged and disfigured by the liberal use of green paint and left lying on the ground in this pitiable condition until discovered by the college gardener.

What MacArthur Has to Fight.

Manila, June 12.—What Gen. MacArthur has to fight is a secret organization which amounts almost to a government, which exercises power to some extent and enforces its decrees over all of Luzon and most of the other islands, which collects taxes here in Manila and even gives receipts for duties paid on the cargoes of native boats passing up the rivers in the suburbs.

Wood Does Not Favor the Scheme.

Havana, June 12.—Gen. Lacroix is urging Gen. Wood to form a Cuban navy of 60 vessels to protect the fisheries and prevent smuggling. A large number of officers would be provided for in such a scheme. A similar plan was rejected last year, as it was thought 12 small revenue cutters were sufficient. Gen. Wood takes the same view.

Will Not Drop Sixteen to One.

Chicago, June 12.—Secretary C. A. Walsh, of the democratic national committee, declares that the national platform will contain an endorsement of the 16 to 1 issue and that there was no disposition on the part of the leaders of the party to drop it.
